Dear Rex:

Thank you for being the closing presenter for all four 2007 TVPPA fall conferences. Your entertainment was the perfect way to adjourn a two-day conference, putting attendees at ease and filled with endorphins from laughter for their travel home.

As a meeting planner, I was delighted with your dependability and professionalism. You always showed up in plenty of time, coordinated with me on program content for each audience, and are such an easy-going, all-around great guy!

You wondered if, after four times, I am tired of hearing your act. It's so clever, creative and funny that it never grows old for me. The differences between men and women are true, and you spotlight the humor of it all. I recommend you to any audience.

Rex, I not only hired a speaker but feel like I also made a friend. I hope our paths cross again soon.

Best wishes,

Creed Crowder
